OCC IS ROOTED IN STUDENT SUCCESS

OCC's 60-year anniversary around the corner

- More than 1 million students since 1965
- Empower students to succeed

THE TIME TO PREPARE IS NOW

Future-proof OCC

Ensure a bright future

OCC's request

Long over due upgrade and expansion needed

- Built in 1970, OCC A-Building needs a lift
- Classrooms and workspaces are not energy efficient
- There are visual obstructions in learning spaces
- Our students come from high schools more modern than some of our facilities

The Vision and the Plan

State of the Art Facilities to meet industry demand!

- Continue our 60 year history to train students in high demand, high paying careers.
- Attract the brightest and the best with technology and equipment.
- Change the image of the workspace for the trades, very clean and highly technical.

FOCUS ON STUDENT SUCCESS

- State of Michigan's Sixty by 30 goal for college credential attainment
- Oakland 80 goal for our county
- Individuals with college degrees and certificates earn more money over time contributing to a stronger community for all

Thank you!
